

This is the 2nd year at the Roberts Centre in Wilmington, OH. This venue appears to be very well accepted. Of course, the date last year made it impossible for all of you to attend. We hope this new date: October 14th & 15th 2017 will work for you. We now have a contract for the 2nd weekend in October for the next 3 years.

The lighting at the Roberts Centre is superior to the Expo Center. We feel it is more than sufficient to display your work without the need for supplemental lights at your booth.

Due to facility layout, electrical outlets are only available on exterior walls. Preference is given to Commercial Vendors for these spaces. Any space left will be assigned on a 'First come First serve' basis. Please return your registration form and payment as soon as possible.

Note changes: the dates, the rates, the time for competitive judging entry drop off, General Rules & Information (page 2), Woodcarving categories (page 3) and motel & restaurant listings. Plus, with Max & Erma's restaurant being in the same building and a concession stand available, no food from other restaurants will be permitted in the Centre itself.

We ask that you honor our beginning set-up time '3:00 P.M.' on Friday as the AIW committee and volunteers will be very busy completing the general set-up.

Due to popular demand the banquet and the children's workshop are returning.

There will be a Silent Auction and the Theme is: "Anything Goes" so please bring your entries. Also, we will still have a carving contest.

For a small fee there is a gravel area where those interested could park a camping trailer but there are no hook ups available. Please check in at the motel.

Artistry in Wood has always worked hard to make this show the best it could be for the exhibitors, commercial vendors and visitors. We are excited to host the show in the beautiful Roberts Centre again in 2017 as 2016 proved to be a success.

Thank you for helping to make Artistry in Wood the premier show that it is.
